Dear Snohomish Voter:

We love our city. I'm grateful for your votes and trust over the past nine years of elected service; and proud of the collaboration with my council colleagues to enrich our city with new funds and opportunities.

Now, I embrace the challenge of forming a new city government in a positive way. Together we must ensure that we continue to experience living in one of the **COOLEST TOWNS IN AMERICA.**

I will listen. I will take action and continue our strong staff of experienced professionals while maintaining an office open to all.

I am asking for your vote.
